December 14, 2005

Dear Friends at Ronald McDonald House:

During July and August 2005, our family was privileged to stay at your house. Our son was treated for anorexia at the University of Iowa Hospital and the Ronald McDonald House provided a home away from home for our family. What a great experience it was to stay at your house. The staff was so supportive and we met many new and interesting people during our stay. We returned home to Illinois with Bryce at the end of August. He is doing well and we thank God for the care he received from both the hospital and the staff and volunteers at the house.

Campbell Hill, a small community of 350 people, was very concerned about Bryce and their prayers, love, encouragement and support helped both Bryce and his entire family. We are members of St. Peter Lutheran Church and they wanted to do something special for Bryce. They sponsored a door collection on Sunday, November 20, and Jackson County Chapter of Thrivent Financial matched the funds. We were very humbled by their generosity. With grateful hearts, we felt it very appropriate to give back to those who helped us during a most difficult time.

We are enclosing a check for \$1,130.00 for the Ronald McDonald House in Iowa City given in Bryce's name. We hope these funds will aid other families may need financial support while staying with you at the House. We feel very blessed that so many people offered prayers and support and now share in our joy of having Bryce home and doing well. There are no words to express our gratitude for all the wonderful people we met and the lasting friendships that were made.

We are enclosing a picture of Bryce, November 2005, to add to your picture collage in the hallway. We are very proud of him and continue to pray for strength each day. We pray that your Christmas is filled with joy and blessed by the wonderful promise God fulfilled when He sent His Son. Blessings to all of you this Christmas Season. Merry Christmas and Happy New Year!

Sincerely,

The Coleman's
